

K-Love is a spiritually up lifting station and the only one that my wife and I listen to. It has helped me to get closer to Christ and really change my attitude. I'm certain that I'm not the only person affect this way. It gives me a calm demeanor during rush hour traffic, which is very drastic change for me. Please do not do away with this station. It definitely changes lives. IT SURE HAS CHANGED MINE!

Thank You,
